

Newspaper List of the Nigerian National Archives, Ibadan

This newspaper list was submitted in February 2020. The list offers an overview of the stock of newspaper issues held by the Nigerian National Archives, Ibadan. The here presented list is the typewritten version by the researcher and is adopted nearly exactly the way it was handed out at the Nigerian National Archive in Ibadan.

For better clarity, the way of writing the date of the newspapers as “YYYY-MM-DD” instead of “Month, Year” was changed. The listing is partly unclear due to inconsistent punctuation and conflicting information, like mismatching counting and/or listing. These unclear indications were adopted.

This table is a digital extension of the article “Of Plans and Pandemics. Researching the Nigerian Discourse on the ‘Benin bronzes.’ On the Control over Archival Records and the Role of Digitization and Access to Knowledge Stocks” by Isabel Eiser, issued 2020 in the Journal *African Ethnography*.
